

Our Choice Is Excellence

Employee of the Month

MARCIA

MCGHEE

**AT EAST ORANGE
GENERAL HOSPITAL**

SINCE 1997

MARCH 2009

The March 2009 Employee of the Month is Marcia McGee, Clerical Support Associate for the Laboratory Department.

She was hired by East Orange General Hospital in 1997 and has always acted in a friendly, professional manner.

Marcia has been known to often go above and beyond the call of duty and is instrumental in finding solutions on how to deliver fast, safe and excellent service in the laboratory.

In addition, she has been commended by her co-workers on her spirited attitude and her ability to do whatever it takes to anticipate the needs of the doctors on the nursing unit to make our patients more comfortable while they are in our care.

Marcia is also a very positive person who is excited about any changes that will improve EOGH's image and treats not only her co-workers but everyone as though they are her family.

She is proud of her long standing commitment to the EOGH family and we are proud to have her on our team.

Thanks for always going the extra mile and for your overall dedication to EOGH!
