

## Video Visit Instruction Sheet for Patients

*It is recommended for family members to use their smartphone or tablet with the Teams app installed.*

Open up the Teams app

1. the family member should have received an invite for the meeting.
2. Select the meeting and press Join

3. Make sure Video is ON and Mic is ON then select Join again and you will be connected on the call

4. To end the Call, please press the red button at the bottom of the screen
